EASA
European Union Aviation Safety Agency

APPROVAL CERTIFICATE

EASA.21J.580

Pursuant to Regulations (EU) 2018/1139 and (EU) 748/2012 and subject to the conditions specified below, the Agency hereby certifies

J & C Aerospace Design and Certification Services EEU Limited

31 Burnside
Magenta Crescent
Dublin 9
IRELAND

as a DESIGN ORGANISATION

approved according to Part 21, Section A, Subpart J.

CONDITIONS :

1. The approval is limited to that specified in the enclosed Terms of Approval, and
2. This approval requires compliance with the procedures specified in the Design Organisation Handbook, reference JCAERO-DOH-01, in the latest revision, and
3. This approval is valid whilst the approved Design Organisation remains in compliance with Part 21, Section A, Subpart J.
4. Subject to compliance with the foregoing conditions, this approval shall remain valid until surrendered or revoked.

For the **European Aviation Safety Agency,**

Terms of Approval 21J.580

Issue 7, 02/07/2026

J & C Aerospace Design and
Certification Services EEU Limited

Terms of Approval

Design Organisation Approval Certificate

EASA.21J.580

1 Scope

This Design Organisation Approval is applicable for the scope defined in Annex A for design work with regard to the airworthiness, operational suitability and environmental characteristics of the products.

2 Privileges

a) (Reserved)

b) (Reserved)

c) The holder of this design organisation approval shall be entitled, within the scope of this terms of approval, and under the relevant procedures of the design management system:

1. to classify changes to a type certificate or to a supplemental type certificate and repair designs as “major” or “minor”;
2. to approve minor changes to a type certificate or to a supplemental type certificate and minor repair designs under this Annex (Part 21);
3. [not applicable];
4. [not applicable];
5. [not applicable];
6. [not applicable];
7. [Not applicable];
8. [Not applicable];
9. to issue certain supplemental type certificates under Part 21, Section A, Subpart E and approve certain major changes to those certificates.

3 Obligations

The holder of this design organisation approval shall, within the scope of this terms of approval:

a) maintain the handbook required under point 21.A.243 in conformity with the design management system;

b) ensure that this handbook or the relevant procedures included by cross-reference are used as a basic working document within the organisation;

c) determine that the design of the products, or of the changes or repairs to them, complies with the applicable type-certification basis, technical specifications concerning the making of declarations, operational suitability data certification basis, and the environmental protection requirements and have no unsafe features;

d) provide the Agency with statements and associated documentation confirming compliance with point (c), except for approval processes carried out in accordance with point 21.A.263(c);

e) provide to the Agency data and information related to the actions required under point 21.A.3B;

f) [Not applicable];

g) [Not applicable];

h) designate data and information issued under the authority of the approved design organisation within the scope of this terms of approval with the following statement: “The technical content of this document is approved under the authority of the DOA ref. EASA. 21J.580”.

i) comply with Part 21, Section A, Subpart A.
